

Scrum Meeting Notes 12-2-2021

- Agenda
 - Heroku will only work with front end
 - Bug fixes with controllers
 - Create function that grabs igdb key
 - Future meeting times
- Martin discussed how his function will work when grabbing API key
- We discussed the accessibility features
 - Buttons will have sliders that adjust grayscale
 - The other will just be dark mode
- Raj helped Martin fix his recommendation
- The front end is already on heroku and Raj will put the back end up soon
- We added to the product backlog and it is now up to date
